REPORT OF THE SUPERINTENDENT **─OF THE FIRE BRIGADE** - FOR 1889. The following report of the Superintendent of

meeting of the Legislative Council yesterday:-Fire Brigade Department, Hongkong, 28th February, 1890. SIR.—I have the honour to report that during

conveniently attend I shall be happy to see, 216 he refers to misleading information received. brigade were required, in which fifteen houses

3.—The return shows a considerable decrease not indicate the approach of a storm until the in the number of fires as compared with that of the years 1887 and 1888, the number for those

a committal for trial and terminated in a nolle

5.—Whatever may be the moral effect of these enquiries, of which one can only judge hypothetiand after the institution of them. I am strongly 6.-Where the fire is accidental it must be gratifying to the owner of the premises thatis

to permit the printing at public expense of in the way of effectual presecutions by the inspent in the advancement of science. Our whole suspicious, the Insurance Companies should be

a Court after consideration of the facts adduced at the enquiry. 8.—These, however, are matters requiring a good deal of consideration, and I merely refer to whether the provision of a direct cable across them as the impressions which the enquiries

9-The year 1889 has been notable as the (e.g. in payments at Bolinso and alsewhere) of the Government Brigade in 1868, they have might be considered desirable in view of the for many years afforded valuable and willing aid results to be expected from them," it would at the numerous fires at which they have been appear that a great deal of useful work is present and they have contained in their ranks done at the Observatory, but that the be the flower of the youth and activity of the Colony. 10.—Their disbandment led to an increase in the European element of the Government

> 11.—In other respects the Brigade has been conducted on the same lines as the heretofore. There is the same Contral Station, the same system of alarms, and the same general orders with regard to attendance at fires. Such imprevenents as have been made, have been made in the matter of appliances and in the provision beforehand of every thing likely to be required at a fire, to gether with rules for their disposition and for the prevention of any interruption in the operations, such as by the bursting of bose, the

to those who have to deal with fires. 12.—Although the alarm bell is sounded when assistance is required at Wanchai an arrangement has been made by which only a certain number of the Fire Brigade, who are told off month by month for the purpose, are allowed to go, as it is not desirable that the whole of the Brigade should be absent from the central part of the Town unless absolutely necessary. The alarms continue to be as heretofore one bell for the Eastern District from Wandhai to the Murray Barracks, two bells for the Central District from Murray Barracks to the Harbour & fice. and three bells for the Western District.

breakdown of an engine, or other ways known

13.—While satisfied that the present system of centralisation of engines and men at the tentrel Fire Station is necessary under existing circonstances where the men are drawn from the Police Force at the Central Station, and have their quarters either there or at the Fire Brigade Station, I am of opinion that the completion of the distribution of water will necessitate Tokio, Nagasaki, Shanghai, Amoy, Haiphong, a radical reconstruction of the Brigade, and that the proper method for the suppression of fires

14.—I have already had made as an experiment anticipatory to this change of system what is known as "The Fire Despatch-box," the points of which are that it can be worked by one man. and contains all the necessary appliances for dealing with a fire at the outset including three hundred feet of hose, and I anticipate that it or some other contrivance will be spread all over the town and worked by a system which has the to be devised when the water works are complete

15.—I have much pleasure in stating that the behaviour of the men at fires has been good, and animous opinion of the Commissioners that in a their attendance regular, and that Mr. Campbell, who fills the important post of Assistant Engineer and is responsible for the proper keeping of the appliances and the general efficiency of the brigade, carries out his duties conscientiously and with satisfaction.

16.—Since the commencement of this year the results arrived at and the information received | January. Doubtless the illness and consequent Brigade has lost the services of Mr. Brewer who by the Director of the Observatory. incapacity of Mr. Figg to assist in this duty.
